FIXINGS PACK

2x Large Screw

2x Wall Plugs

PARTS SUPPLIED

Please identify the parts listed below and ensure you have **ALL** the correct parts before assembling the unit.

Description	Illustration	Qty
Beam		x1
Hearth		x1
Split Batten		x1
Angled Stove Pipe		x1

INSTALLATION

1. Position the hearth on the floor, leave a gap between the wall and the hearth for the cable.

2. Feed the cable behind the hearth and push the hearth against the wall. Place the stove centrally on the hearth.

3. Place the stove pipe on top of the stove.

4. To position the split batten, measure a MINIMUM distance of 75mm from the top of the stove pipe to the bottom of the split batten and mark the wall.

Using 2 x long screws and the appropriate wall plugs, fix the batten to the wall.

IMPORTANT: Ensure the split batten is straight before securely fixing.

5. Apply adhesive to the top of the hanging rail.

This will ensure the beam is secure when fitted.

6. Slide the beam over the batten and lower into position.

CARE AND MAINTENANCE

- Painted surfaces can be cleaned using a damp cloth.
- Take care when cleaning un-treated surfaces, as it will absorb moisture until sealed with a lacquer, wax or other sealant.
- Avoid using any harsh or abrasive cleaners that may adversely affect the surface finish of the suite.

Note: Due to the nature of the materials used in the construction of the surround, an amount of moisture may be absorbed should the surround remain in contact with liquids for prolonged periods.

Please take care when cleaning carpets or flooring around the surround and clean up any spills immediately.

GUARANTEE

For your convenience, you are not required to complete a form and return it to us in order to validate your guarantee. However, please ensure that you retain your receipt which will act as both proof of purchase and a guarantee validation document. **We recommend that you attach your receipt to this documentation.**

Your product carries a 12 month guarantee from the date of original purchase (or as otherwise provided in writing at point of purchase). If your product fails to operate to its specification, due to faulty workmanship or materials during the guarantee period, we will either repair or replace the product. We will use our discretion to determine whether to offer a repair or provide a replacement. The product will not be covered by the guarantee if it has been misused, transformed, modified or altered in any way.

If your product fails within the guarantee period please ensure that you have all necessary documentation available including proof of purchase (receipt or invoice with serial number, location and date of purchase) in addition to all original undamaged packaging and leaflets etc. It is strongly recommended that you inspect your product carefully before it is used or installed. For full details of your product you should refer to the instruction manual which accompanies the product. You are strongly advised to read this manual carefully in its entirety and to retain it for future reference.

This product guarantee does not affect your statutory rights.
